

## LOCAL LACONICS.

Trib cures insect bites and stings. A tinshop is needed in this town. J. Powers of Alida Valley is in town.

It was warm Monday, thermometer 107 in the shade.

As we go to press there is not a sack of flour in town.

J. C. Humphrey returned from Crow Springs on Thursday.

Whims have been erected during the week on the Clark and Brougher shafts.

Charley S. Levy, salesman of Roth & Co., was interviewing our merchants on Monday.

Robert Gordon has been on the sick list for the past few days. He is reported much better.

Ten barrels of whiskey and fifty barrels of beer was received by our wet goods merchants this week.

Turner, Edwards & Cutting are erecting a store building. The structure was moved from Candelaria.

A large restaurant building will be erected on the lot adjoining Harry Ramsey's saloon the coming week.

Jake Clow arrived with a four horse load of ice from Belmont for the Brougher Bros. on Wednesday.

O. T. Ward, proprietor of the Stewart's Hotel tonsorial parlors, Sodaville, has a card under "new to-day." See what he says.

Parties coming to this camp will please not bring any dogs, there are enough canines to go around here for some time to come.

It rained here Tuesday and Wednesday for which we return thanks to the Almighty and hope he will continue to favor us.

Walter Hollis and Wilkes Brougher departed for Belmont Tuesday evening. They are both on the sick list and go to recuperate.

If the Tonopah Mining Company cannot induce owners of teams to come here and freight they will purchase teams and operate them.

Robert Hurley has taken a lease above the Never Sweat on Oddie mountain and a complete whim sinking outfit has been shipped to rapidly sink the shaft. He will surely get rich rock.

W. F. Anderson, President of the Tonopah Mining Company, writes from Philadelphia to the editor of this paper, that he expects to be with the good people of Tonopah in early August.

On July 26, at Gold Hill, Mrs. Geo. Money of Sodaville, presented to her husband a girl baby. George is all smiles these days and his friends "smile" with him, wishing young Miss Money a long life and one of happiness.

Mr. and Mrs. J. L. Butler are at the Arlington, Carson. Jim is not in good health but will be as soon as he gets back to God's country. They will return to Tonopah in about ten days. His estimable wife is in the very best of health.

### He Saves the Lives of Many People.

Charley Ganoug saved the lives of 650 people in Tonopah, Tuesday. He arrived with a load of groceries for John Turner, and did so just in time, for this camp was upon the brink of a famine. So eager were the people to secure something for their larders that it reminded one of the wild doings in the San Francisco call stock board. All of the goods were sold on the street in front of the store and in one hour after they were unloaded four buckets of lard were the only remaining articles of the wagon load of merchandise. People were going in all direction to their homes packing Our Taste hams, four cases were sold in twenty minutes. Cases of tomatoes and other canned goods would have brought fancy prices had the merchant asked them, but all was sold at the regular rates. Later in the day Lothrop & Davis received ten sacks of potatoes and a wild rush was made for them, they were sold in fifty cent lots that all might have a mouthful. To-day there is not a sack of flour in town and has not been for several days. There are only four beeves left and water is getting scarce. It looks as though a famine was about to claim us. Those coming here should come well supplied with provisions.

## A Midnight Gun Play.

Last Monday morning about 1 o'clock Frank McAllister entered the Mizpah saloon and drawing a revolver and applying a vile epithet to the night bartender threatened to perforate his carcass if he did not get behind the bar and give him a drink. About a half hour before McAllister was in the saloon and asked for a drink but being under the influence of liquor was refused by the bartender who told him he had had enough to drink. Wm. McDonald, who was presiding over the bar, during the absence of J. C. Humphrey, was sitting near the stove and when the demand and the gun was thrust into his face he arose and walked toward the bar and watching his opportunity, grabbed the pistol and struck McAllister on the head, felling him to the floor, and as the belligerent arose he rapped him over the cranium the second time, McAllister finally got up and had his wounds dressed by a doctor. If the time has come when a bartender in this town has to look down a cocked gun—for that is what McDonald had to do—every time he sees fit to refuse a drunken man a drink it is time a halt was called, and at least twelve or fifteen business men of this town should be appointed Deputy Sheriffs to see that law and order prevails and the Sheriff has been asked to appoint that number of the business element of Tonopah as deputies. This town has always been an orderly one and the better element propose that it shall continue so. McDonald swore to a complaint and McAllister was arrested and asked for a ten days continuance that he might procure counsel. He gave a \$50 cash bond and the hearing will take place at the expiration of the ten days. We hold no enmity against McAllister but his lawless act was uncalled for, his drunkenness being no excuse. There is a class of citizens here, many of whom claim to be the prisoners' friend, vow that such uncalled for acts will not be tolerated, for if they are, no man's life is safe in Tonopah, and especially those of saloon men. When a person is justified in drawing a pistol and discharging it at another, he is upheld by the law, but when an unprovoked and unpardonable attack is made the offender should suffer for his guilt. The sooner a few here realize that a gun play don't go in this man's town the sooner they will become good citizens and see the effects of an orderly camp which this place will and shall be.

### The New School House Fund.

Trustees James McQuillan and ye scribe canvassed a portion of the town last evening for funds to build a \$1,000 school house, and will continue their work, when the editor is not kicking the press or rustling news. Only five people were approached and they subscribed the amounts published below. The BONANZA will publish the names of the subscribers each week. That a suitable school house for this rapidly growing town is a crying necessity all will admit when the building shall have been erected. There will not be a subscriber but who will be proud of the temple of learning for the boys and girls of Tonopah. Our people are a generous class and will not hesitate to liberally subscribe to an institution of this kind. Those that are not blessed with children believe that a commodious building should be erected for the little one's. Following is the subscriptions that have been received:

T. L. Oddie.....	\$100 00
O. A. Turner.....	100 00
Brougher Bros.....	100 00
Lothrop & Davis.....	50 00
W. S. Dickerson & Co.....	25 00
Total.....	\$375 00

### CARD OF THANKS.

Words are inadequate to express our heartfelt thanks to those who so kindly and willingly assisted us during the sickness and the burial of our darling baby. Their extreme kindness will never be forgotten by us, for all have entwined themselves around our hearts by their kind acts in this, our hour of sorrow.

MR. and MRS. W. J. SINCLAIR,  
Tonopah, August 1, 1901.

## LOCAL CONCENTRATES.

Send the BONANZA to your friends.

Harry Norton, an old Belmonter, arrived from Carson to-day.

Read "horses, wagons and mules" for sale under "new to-day."

Ten or twelve men left to-day for Silver Peak to work in John Chiatovich's mines.

The mines are looking better every day. They are getting richer as depth is attained.

The person who has the "Book of Forms" belonging to Judge Peters will please return it.

This camp has far richer ore than Cripple Creek. The ore is of a higher per cent. per ton in gold.

Ask your grocer for "Our Taste" hams and insist on getting them, they are the very best in the market.

A. J. Franklin and Scotty Orr, both former business men of Grantsville and Ione, this county, are in town.

P. E. Dwyer, proprietor of the tonsorial parlors, Sodaville, has an announcement in this issue. Read what he has to say.

All of the leading magazines can now be had at the BONANZA news store. Ladies Home Journal for August on sale.

Mrs. O'Brien, mother of our townsmen P. J. and James O'Brien, who was very sick Monday is improving and will soon be about.

The "Never Sweat" leasers received a wagon load of air pipe for their shaft on Thursday. They will put in a hand blower.

Charley Carr, Fred Adams and Tom Lowell returned from their prospecting trip near the head of Reese river to-day. They all look healthy.

J. F. Butler and Ed. Smith are running a joint butcher shop and produce store in the building between Turners store and the Chloride saloon.

Wheee and Bunce are sinking a well about 3 1/2 miles below town and are now down 145 feet. At the depth of 175 feet they expect to strike the bedrock and water.

O. A. Turner received a dispatch from H. C. Cutting to-day saying that the California Sampling Works had settled for the ore sampled and the strike in San Francisco had caused a delay in the last ore shipped.

M. Sheridan fell down a 30-foot shaft as he was stepping out of the bucket at the surface yesterday. The handle of the windlass broke which was being held by John Turner. No bones were broken but Mr. Sheridan is a well shaken up man.

On Monday morning at 10 o'clock the funeral of the infant son of Mr. and Mrs. Sinclair was held from the family residence on Brougher ave. A large concourse of friends followed the remains enclosed in the little white casket to its last resting place. The sorrowing parents have the sympathy of the entire community.

It seems some people have been giving the Reno Journal man a lot of fake pipe dreams in his write-ups of this place. The ground being worked by Roy Sunderland, and of which he holds a sixth interest, is leased from the Tonopah Mining Company and the lease expires January 1, 1902, unless the company should extend the time owing to the great depth the boys had to sink before cutting the ledge.

### The Clifford Group Sold.

After persistent efforts on the part of T. J. Lynch, a prominent mining man of Tonopah, he has succeeded in interesting Salt Lake City capital to invest in Tonopah mining property. One thousand dollars was placed in the Bank of Tonopah on Tuesday to be placed to the credit of the house of Cliffords to apply on payment of the Stone Cabin. Wandering Boy and Lucky Jim mining claims, the balance of the purchase price to be paid when final execution of deeds to above property is made. The new company will erect a gasoline hoist at once and sink several hundred feet to explore the hidden treasures. The property purchased joins the Butler group on both ends of the famous Valley View ledge that has produced over \$100,000 to date. The names of the new owners will be given in our next issue. The first machinery for this camp is now in transit from Salt Lake.

## The Klondike Mines.

A reporter of the BONANZA recently visited these much talked of rich mines and was surprised to find the large amount of development work done on the different locations. The mines are situated about fourteen miles south of this place and are in the porphyry belt. On location "A" J. and Eldred More have a lease that has netted them a snug sum of money. A shipment of eleven tons was recently made that assayed 600 oz. in silver. The ledge is four feet wide and the gold is found in the carbonate. Considerable work has been done on "B" location. The main incline is down 140 feet in a strong ledge the entire depth. Considerable black metal is found in this ledge, it assaying very high in silver and \$110 in gold. The South incline is now down 30 feet with rich ore in the bottom assaying 400 oz. silver and \$40 in gold. The drifts on this ledge from where the tunnel encounters it are very rich in gray carbonates. Eli Sweiger and George Ladg have a lease on the upper workings of this location and are extracting rich ore.

In the "C" and "D" tunnel, dividing line, there is a well defined quartz ledge 17 feet wide, thickly sandwiched with high grade gray carbonate and black metal. This ore mills 550 oz. silver.

Several other locations belonging to this group of mines are showing up good ore. The Klondike mines are a wonderful group and a rich mineral deposit. A company operating these mines would become fabulously wealthy. Reduction works could be erected three miles below the mines where an abundance of water can be had. The property is for sale and is owned by Senator Bell and James Court. In our opinion it is very valuable property.

### Officers of the Tonopah Mining Company.

The following item of interest taken from the Smyrna Call, published at Smyrna, Delaware, Tuesday, July 15th, is of interest to the residents of Tonopah and the people of the State in general:

"There was chartered last week under the laws of Delaware the Tonopah Mining Company of Nevada, with a capital of \$300,000 preferred stock, and \$100,000 common stock, par value of \$1.00 per share, the names signed to the organization being John W. Woodside, John F. Anderson and B. A. Hazell, of Philadelphia, for the purpose of purchasing and working the greatest mining bonanzas that has been discovered on the American continent, and which far exceeds in value at this stage of the development, the famous Comstock mines and it is generally believed by mining people that this new camp will shortly rival Denver. Up to the present time over \$200,000 has been taken out of this property without the aid of any machinery, and when the company have completed their plant for working 500 tons of ore per day, the net product will be over \$1,000,000 per month, as the ore is in vast quantities ranging from \$40 to several thousand dollars per ton in value. We understand that only a limited amount of stock has been offered for sale, and that has been taken by the parties interested and their friends. Mr. Herman P. Hazel, of Smyrna, is the Delaware director of the company, his brother Hon. B. A. Hazel, also being interested.

## Horses and

Mules

for Sale!

I HAVE FOR SALE, CHEAP FOR CASH, at my place in Columbus, Nevada, the following:

- Four (4) Horse Wagons,
- Four (4) Mules, with harness,
- Four (4) Horses, with harness.

All are in good condition. For particulars apply to BILLY FORD, Candelaria or D. Holland, Tonopah.

There are over 9,000 sacks of ore piled up awaiting transportation. This makes it hard on the leasers. At least twenty 12-animal teams can find steady employment.

The Reno Journal is out in a neat, new stylish dress, a regular summer style. It is the best paper in Nevada to-day and Dennis & Bingham are "dead next" when it comes to running a newspaper.

Every house in the town should be protected from fire by having a Stempel fire extinguisher in it. Wesley Stewart is the sole agent for this county. A fire in this town, and the burning of the camp, can be averted by a few of these extinguishers. A safe guard must be thrown around us or some day it will be too late.
